

Independent Stationers and NFIB Together

The Similarities are Staggering

Independent Stationers is...

- The most progressive office products buying group in the world with a variety of value-added programs and services that strengthens local independent office products dealers.
- Membership of 245 independent office supply dealers with over 500 locations across the United States and the Caribbean.
- Independent Stationers dealer members are locally owned and operated, but utilize common merchandising and marketing to aggregate the strength of the organization. Dealer members, often with multiple locations, use a centralized ordering process to place orders from regional distribution centers and receive a full range of products on one order in a timely manner.

NFIB is...

- A leading small business association representing small and independent businesses. A nonprofit, nonpartisan organization founded in 1943, NFIB represents the consensus views of its members in Washington and all 50 state capitals.
- Our mission is to promote and protect the right of our members to own, operate and grow their business. NFIB also gives its members a power in the marketplace. By pooling the purchasing power of its members, the NFIB gives members access to many business products and services at discounted costs. NFIB also provides timely information designed to help small business succeed.

Due to the newly formed partnership between Independent Stationers and NFIB, finding the right products and services just got a lot easier. You will have the opportunity to receive discounts on all of your office supply purchases, and will receive superior assistance every step of the way focused on servicing your business.

The Importance of Buying Locally

Local businesses add character, diversity, a huge economic impact and more to a community. When customers patronize local businesses, more of the money spent is invested back into the community because local businesses are more likely to use local services, which employ residents in the community who further patronize other local businesses.

As a local office products dealer, our mission is to offer our customers the best office products with the best selection at the most competitive prices. Our membership in Independent Stationers enables us to do these things and more!

Each time a customer spends one dollar that decision impacts the future of the community. By buying locally from an independent office supply dealer, you have the opportunity to impact the health and the viability of your community.
